

FULL DAY SIGHTSEEING TOUR

NAGARKOT

Nagarkot: Perched at an altitude of 2,175 meters, Nagarkot is one of the best places in Nepal to witness a stunning sunrise over the Himalayas. On a clear day, the panoramic view includes the Annapurna, Langtang, Manaslu, and even Everest ranges. The cool mountain air, lush hills, and peaceful environment make Nagarkot a popular retreat. It is also a great starting point for short hikes through scenic trails that pass through terraced fields and quaint villages.
